A MODERN ADDRESS IN THE HEART OF BURLINGTON

A Modern Address in the Heart of Burlington

Tucked into one of Burlington's most established neighbourhoods,
The Ghent Collective is an intimate collection of contemporary townhomes.
Thoughtfully designed and beautifully finished, this limited release blends
modern architecture with the warmth of a mature, tree-lined community
already rich with amenities.

An Intimate Collection with a Lasting Impression

A family consisting of a mother, a father, and a young child are walking a small, scruffy dog on a leash in a park. The mother is wearing a plaid coat and blue jeans, the father is wearing a blue blazer and khaki pants, and the child is wearing a grey coat and blue jeans. They are all smiling and looking towards the camera. The dog is a small, scruffy breed with grey and white fur. The background is a lush green park with trees and a stone bridge in the distance.

Spending Quality Time
Together is a Walk in the Park.

Everything within Easy Reach

The Ghent Collective is perfectly positioned at the centre of it all. From well-regarded schools and neighbourhood parks to boutique shopping, dining destinations and everyday essentials, everything you need is just moments away.
